

Aster Canyon Consulting, Inc. Intern Job Post.

Wildlife Biologist.

www.astercanyon.com

Since 2004 Aster Canyon Consulting, Inc. has been providing environmental consulting services to the Rocky Mountains. Aster Canyon is based in Pinedale, Wyoming. We specialize in environmental field services including; wildlife surveys for threatened and endangered species, wildlife monitoring of gas fields, habitat mitigation recommendations, gas well reclamation monitoring & recommendations, GIS mapping services, wetland delineations, and conservation easement baseline resource inventories. Our clients are oil and gas companies, land trusts, non-profit conservation organizations, government agencies, engineers, land developers, realtors and ranchers. Wildlife species inventoried include; mountain plover, sage-grouse, prairie dogs, pygmy rabbits, black-footed ferrets, burrowing owls, bald eagles, golden eagles, sage sparrows, sage thrashers, ferruginous hawks and other raptors and migratory birds. Vegetation inventoried consists of arid cold-desert sagebrush-grassland and desert saltbush species.

Job Description/Expectations:

Must accurately and meticulously record findings, and record time on timesheet.

Knowledge of or ability to quickly learn Wyoming wildlife species.

Assist project manager in data collection, organization, and report preparation.

Must have a keen sense of observation

Friendly, enjoy teamwork and working with people of all ages

Computer skills (email, Word and excel) Self motivated with a positive attitude, Organizational skills (planning, filing, etc.) Ability to be on time and have some flexibility in schedule

Skills and Knowledge Desired:

Successful applicants will be flexible, enthusiastic, & hardworking, polite, considerate,

Ability to navigate in the field using map, compass, and GPS unit.

Ability to hike 3 or more miles a day on uneven terrain.

2018 Intern Position will mainly be working outside in the sagebrush ecosystem of Sublette County in the sun, wind, cold mornings, and hot afternoons.

Our office is in the Pinedale Industrial Site up the hill from Pinedale Lumber. If the prospective intern can drive themselves to our office for work that would be great, if not we can pick them up if they live in Pinedale or Boulder.
