

Rangeland Technician Internship

Sublette County Conservation District
Pinedale, WY

Join an interdisciplinary team to aid in monitoring and managing rangelands throughout Sublette County, WY! The Sublette County Conservation District (SCCD) aims to promote and maintain healthy rangelands, clean water and air and maintain premier wildlife and habitat.

Strong rangeland monitoring and management planning is important to the economy and health of rangelands in the Sublette County. The SCCD Range Intern will work with SCCD Range staff to collect data that will aid in management and grazing permit renewal decisions, with private landowners to develop conservation plans, and team up with other SCCD staff to accomplish the many projects underway to conserve and promote Sublette County's abundant natural resources.

General Skills & Knowledge Desired :

- An interest in learning more about the art of Rangeland Management.
- Ability to work with SCCD staff, agency personnel and private land managers. Excellent communication and relationship skills are expected.
- General computer and technology skills.
- Ability to be on time and have flexibility in schedules.
- Interest and ability to work in rugged environments.
- Ability to drive is not critical, however, our field work is located throughout Sublette County. We will provide transportation throughout the day, but if the applicant has to return earlier than the field crew, applicant would need to make arrangements or supply a mode of transportation.

General Work Expectations:

- Assist Range staff with collecting, compiling, and entering data on the rangelands in Sublette County.
- Assist with other district programs as needed.
