Grant Evaluation:

This evaluation is required at the close of your scholarship. Evaluation is an integral part of the grant process that is not only necessary for our records, but it will also assist us in project assessments and future grant decisions. The following must be included:

- Any additional documentation of expenses must be submitted with your final report.
- Attach pictures or other information relating to your trip.

1. How many students, teachers, community members participated in, or were served by this project (provide details)?

2. Describe how this activity enriched your education.

3. Explain the most important outcome or result of your enrichment experience (how it changed your understanding of life).

4. Include a story that demonstrates the value of your experiences. (Optional)
